Sub.: Letter of Accreditation

Dear Sir,

We are here at your campus for the third consecutive year for selection of few bright students as Intern in our company who will subsequently be employed as Junior Software Engineer on satisfactory completion of Internship.

The students we selected on last visit fulfilled our expectations 100%. **We decide to engage with your Institute for Campus and Pool Campus hiring for a period of 3 years.**

We sincerely believe that the association will be fruitful and effective for both sides.

KEROSS
Makes now, real
